Re: Grant #1781R1

Dear Ms. Wilson:

The Scientific Director and the staff have discussed your letter of January 13 concerning the ASCB's second Summer Research Conference on "Molecular Biology of the Cytoskeleton".

This is a topic in which the Council has had some interest in the past and we recognize its eventual importance in studies of importance to us. I therefore am pleased to tell you that we will make a contribution of \$1000.00 for support of the meeting. A check for that amount is enclosed with this letter. As usual, we request only that these funds not be used to pay for expenses incurred by participants from the industrial sector.

We hope that you will keep one registration slot open for a representative from CTR and that you will send us the final program when it becomes available.

Sincerely,

Harmon C. McAllister
